EDUCATION

University of Alberta **Sept. 2022 - Apr. 2026**

Bachelor of Science Program in Computing Science *Edmonton, AB*

- BSc in Computer Science, Minor in East Asia Studies
- *Honors:* First Class Standing (Apr. 2026)

TECHNICAL SKILLS

Languages

- Java, Python, C, C++, C#, JavaScript, SQL

Databases

- MongoDB, SQLite3, Firebase

Tools & Technologies

- Git, Github, Django, Android Studio, Heroku, Linux

PROJECTS

Event Scheduling Android Application

Java, Android Studio, Firebase

- Collaborated on a 7-member development team to design and implement an Android event scheduling application using Java.
- Integrated Firebase services to securely manage user accounts, event information, and application data.
- Developed features allowing users to create, manage, and track events through a mobile-friendly interface.
- Participated in planning, testing, debugging, and feature implementation throughout the project lifecycle.
- Followed principles of agile software development.

Distributed Social Media Platform

Python, Django, JavaScript, Heroku, HTML, CSS

- Contributed to the development of a decentralized social media platform as part of a 6-member team.
- Implemented frontend and backend functionality using Django, Python, JavaScript, HTML, and CSS.
- Assisted in developing communication between independent server nodes hosted with Heroku to enable content sharing and interoperability.
- Collaborated using Git-based version control and participated in testing, debugging, and feature integration.

Translation Extension

JavaScript, Python

- Developed a browser-based translation extension during a hackathon as part of a 5-person team.
- Implemented translation functionality using external language APIs and a proxy service to securely manage API credentials.
- Contributed to both frontend and backend development using JavaScript and Python.
- Rapidly prototyped, tested, and delivered a functional proof-of-concept under tight deadlines.

WORK EXPERIENCE

Purolator **May 2022 – Sep. 2022**

Sorter (Part-time) *Edmonton, AB*

- Managed freight efficiently in a fast-paced logistics environment while maintaining safety standards.
- Coordinated with team members to ensure accurate package movement and timely vehicle processing.
- Demonstrated reliability, accountability, and problem-solving through independent task execution.

Bath & Body Works **Jun. 2020 – Jan. 2021**

Sales Associate (Part-time) *Edmonton, AB*

- Undertook inventory organization, stock replenishment, and shipment processing in a high-volume retail environment.
- Maintained organized stockrooms and sales floor displays to support efficient operations.
- Developed strong organizational, communication, and time-management skills.
